Disclosure of Enrollment Terms & Conditions

In some cases, an audit may require amending the tax return under examination, or amending prior year returns. Amending a tax return may resolve an audit case, eliminate tax liability and/or result in tax refunds. In these cases, we provide a written estimate for amended tax return preparation and work-up, and other fees that may apply. These fees are NOT covered under your enrollment. In addition, it may be necessary to reconstruct your records for the audit, in which case you may be responsible for normal reasonable fees. By accepting the terms of enrollment and all the program benefits, you agree to accept these terms and conditions of enrollment. Enrollment covers the tax year(s) enrolled above for tax returns filed for personal and/or corporate returns if audited by the IRS. (This Program Excludes Employment Taxes, Sales Taxes, State Taxes, and Property tax returns). This program provides FREE representation services for each tax year enrolled in the program.
